Our Project

Recently, we had organized several cocktail events throughout hawassa and we developed a weekly party culture called aglo friday. These programs will allow beverage companies to advertise and build trust with the customers by providing drinks at a cost lower than the market price .

we have a plan to create the first mobile drink bar and restaurant in hawassa city with a vintage van. This unique service will allow customers to gain access to drinks and foods in every section of the city without going to a specific location.

We are proposing that our companies work together in these regard, with Komari beverages helping us financially and by providing beverages at a low cost for next upcoming events.

We look
forward to
working
with you.
